Friends, Veterans, and Supporters:

I hope this letter finds you well. Hire Heroes USA (Hire Heroes) continues to move and evolve at a fast pace. Our employees have been across this great nation and back several times training transitioning active duty servicemen and women, while also assisting hundreds of online registrants for our services. We currently have 21 employees on staff and 3 different offices nationwide in Atlanta, San Diego, and Colorado Springs. We will continue this effort to grow and establish new offices in an effort to scale our operations and more effectively serve our nation's veterans. We plan to open offices in Dallas, TX and Raleigh, NC in 2013. Both of these put us in great position to help thousands of veterans in both the Fort Bragg & Camp Lejeune area, along with one of the most veteran-rich states in the country, Texas. Our system of helping veterans is the most effective in the country, and it is my focus to continue to grow this

St. Louis Cardinals Legends Camp Ends with Great Success

2013 was the most successful year to date for the St. Louis Cardinals Legends Camp! In addition to being the most successful camp, it was also the last year for Hire Heroes to run and be the beneficiary of

USO

After seeing great success over the past two years in our Warrior Transition Workshops and Career Opportunity Days, our partnership with the USO to conduct these events is growing at a tremendous rate. There will be over 70 workshops and over 30 Career Opportunity Days at different military installations throughout the US this year. Without the support of the USO we would not be able to reach as many service members, veterans, and spouses as we will this year.
