JOBS AT OAK RIDGE NATIONAL LABORATORY

Group Lead, Special Security Office (SSO)

Oak Ridge, TN

We are currently seeking qualified applicants with leadership and management experience to serve as Group Leader for the Special Security Office in the Field Intelligence Element (FIE). Under DOE-IN authorities, the FIE serves as the ORNL focal point for all intelligence community matters and supports national security science by providing secure IT, communications, facilities, and analysis. The Special Security Office (SSO) ensures optimal physical security of all sensitive compartmentalized information facilities (SCIFs) and personnel security.

Cyber Security Technical Professional

Oak Ridge, TN

The primary purpose of this position is to increase Oak Ridge National Laboratory's (ORNL) science contributions and help manage research across the Department of Energy (DOE), Department of Defense (DoD) and related Intelligence Community (IC) mission areas. This position entails scientific, engineering, and management leadership in the area of cyber-physical systems (such as critical infrastructure, IoT, mobile devices, or vehicular systems).

Group Leader, Target Operations

Oak Ridge, TN

We are seeking a Group Leader for Target Operations in the Research Accelerator Division (RAD). Selection will be based on qualifications, relevant experience, skills, and education. The Research Accelerator Division's mission is to safely and reliably operate the SNS Accelerator and Target and to execute impactful Accelerator R&D focused on SNS improvements and strategic opportunities, all in support of delivering neutrons for impactful scientific discovery.

Technician - Building Equipment Research

Oak Ridge, TN

The Building Equipment Research Group is seeking qualified candidates capable of providing technical support on projects as part of an expanding program. This position will focus on research and development of new materials, components and systems technologies to improve energy efficiency in buildings.

Group Lead, Nuclear Code Integration

Oak Ridge, TN

We are seeking a Group Leader for the Nuclear Code Integration Group. This Group supports code development, revision, and upgrades: Provides an essential capability in deployment of modeling and simulation packages by providing technical support for code quality, debugging, as well as customer support.

FEATURED TRAINING PARTNERS

The Refrigeration School®

The Refrigeration School, Inc.

The Refrigeration School, Inc. (RSI) has partnered with Hire Heroes USA to help veteran clients find opportunities for training programs in the skilled trades. Clients who no longer receive military funding could also be provided with a \$2,500 scholarship if they enroll at RSI. RSI is a trade school in Phoenix, Arizona, that offers training programs in HVAC, refrigeration, electrical and welding. Students receive hands-on training that equips them with the skills necessary to find job opportunities in their field after graduation. Check with RSI regarding scholarship eligibility.
