

## FEATURED EMPLOYER

### ABOUT JOHNSON & JOHNSON

At Johnson & Johnson, we use technology and the power of collaboration to fight back against the most devastating healthcare challenges of our generation, from [combating cancer with CAR-t cell therapy](#) to [teaming up with Apple to study AFib](#). Johnson & Johnson became a household name thanks to surgical dressings and baby products and now, 130 years later, we continue to turn new ideas into better quality of life for people all over the world. Through pharmaceuticals, medical devices, and consumer health products, we develop and deliver solutions that allow people to thrive throughout every stage of their lives.

#### JOBS AT JOHNSON & JOHNSON

**Manager, Operations Program Management**  
Redwood City, CA

As Program Manager, this individual will be responsible for leading the Supply Chain team for New Product Introduction efforts or strategic Lifecycle Management initiatives and LCM portfolio management. He/ she will facilitate the NPI planning, transfer and operations efforts and strategies that best support our customers. Data driven, s/he will work closely with R&D, Commercial, Quality and Supply Chain to develop strategies to achieve business objectives, and provide governance through effective prioritization and allocation of resources to achieve strategic goals. Reporting to the Director of Operations Program Management, this person will lead and coordinate activities across operations functions including manufacturing, supply chain, procurement, materials, service, and quality to ensure on time launches with robust supply and driving supply reliability for launched products.

**Cybersecurity Senior Manager, Research & Development**  
Raritan, NJ

The Cybersecurity Senior Manager, Research & Development is a results oriented self-starter who enjoys a fast-paced environment and is looking for opportunity to inspire change in an established organization. He/She will have responsibility for all aspects of identifying and managing security risk and serve as the focal point for all information asset protection matters. This role will support Johnson & Johnson Research & Development organization.

**Director, Deliver Compliance Integrated Governance**  
Piscataway, NJ

Johnson & Johnson Deliver Group is part of Johnson & Johnson's global Supply Chain organization supporting operations across all the Johnson & Johnson Family of Companies. Johnson & Johnson Deliver is dedicated to enabling the Customer Experience across our Pharma, Medical Devices and Consumer businesses which are solving the most important consumer products, medical and healthcare needs across the globe. As a member of the Deliver Integrated Compliance Management team, this role will support Deliver Integrated Compliance management leader in participating in and influencing across all J&J compliance forums.

**Senior Manager Customer Logistics**  
Laurel, MD

The Senior Manager, Customer Logistics is responsible for direct supervision and leadership for a diverse team of Senior Analysts and Analysts located in Cumberland, RI with responsibility for Order Management, Collaborative Forecasting Planning and Replenishment (CPFR), and Logistic Efficiency Improvement activities. You will collaborate with internal Consumer Deliver operations partners to improve cost through logistics and ordering efficiencies and enhance service (on time delivery and RIS). You will also collaborate with the Sales team to support growth of top line sales through the implementation of supply chain strategies/projects identified in the Business Planning Cycle. You will have end-to-end accountability across multiple GBU franchises.

#### FEATURED TRAINING PARTNERS

[Brewing and Distilling Center, Inc.](#)

The Brewing and Distilling Center, Inc. (BDC) is an authorized and GI Bill-approved trade school that trains and educates individuals to become certified beer brewers and spirits distillers in the fun and rapidly-expanding craft beer and distilled spirits industries. They offer a 13-week, 154 hour, Professional Brewing/Distilling Technology (PBDT) certificate program and assistance with job placement.

For more information, go to [www.brewinganddistillingcenter.com](http://www.brewinganddistillingcenter.com), email [info@getbdc.com](mailto:info@getbdc.com), or call 865-622-7511.

**SIE Professor**

SIE Professor provides training content to anyone interested in studying for and passing the SIE Exam, a gateway exam to employment in the financial services or securities industry. Having the SIE Exam on your resume gives you an advantage over other candidates in your job search, proving you have what it takes to be successful. SIE Professor delivers the complete working knowledge to pass the SIE Exam and the confidence you need to succeed in your financial securities career. This comprehensive, affordable program is available online, in hard copy textbook, or both to ensure the best personalized learning experience for you.
