

## FEATURED EMPLOYER

### ABOUT THE NATURE CONSERVANCY

The mission of The Nature Conservancy is to conserve the lands and waters on which all life depends. Since our founding in 1951, The Nature Conservancy has protected more than 117 million acres of land and 5,000 miles of rivers worldwide — and we operate more than 100 marine conservation projects globally. We have more than 1 million members and dedicated staff working in all 50 United States and more than 79 countries around the world — we are everywhere you want to be!

#### JOBS AT THE NATURE CONSERVANCY

**Director, Data Services**  
Arlington, VA

The Director of Data Services is responsible for developing and institutionalizing modern data governance policies, processes and technologies for The Nature Conservancy (TNC) and master data management to enable the full realization of data as a strategic TNC asset.

**Human Resources Specialist**  
Lansing, MI

The Michigan chapter is looking for an experienced HR specialist to help build and maintain a collaborative, dynamic, effective, diverse team culture by providing human resource services in the following functions: employee relations, staff enrichment, talent management, benefits, staff recruitment, development and training, organizational development, workplace culture, and achieving our goals as an organization to develop a diverse and inclusive workforce, and to live our values.

**Conservation Director**  
Boise, ID or Hailey, ID

Serves as the Idaho Chapter's Conservation Director and is directly responsible for leadership, management and accountability of the Chapter's three conservation initiatives: conserve land and water; Idaho climate action; and healthy soils, clean water. Directs and manages Idaho's conservation, protection and stewardship teams to assure the Chapter accomplishes its objectives and conservation strategies. Provides leadership, innovation and support for TNC's strategic planning efforts and establishes overall conservation priorities for the Chapter.

**Senior Auditor**  
Arlington, VA (Location Negotiable)

The Senior Auditor provides services in controls and risk assessment; internal auditing; sub-recipient monitoring; process analysis and audit report preparation. They have a high level of expertise in their area(s) of specialization. The position provides a leadership role in internal audit activities and is knowledgeable about internal audit best practices. The Senior Auditor provides assistance to all levels of personnel within TNC. They respond to complex employee/management questions and problems based on advanced knowledge of the subject area.

**Talent Coordinator**  
Sacramento, CA

The Talent Coordinator works with the Employee Experience Director and Talent Manager in the California Business Unit to provide procedural and administrative support in the areas of recruitment, talent management, staff professional development, compensation, organizational development and training for the California Chapter.

#### FEATURED TRAINING PARTNERS

**Custom Canine Unlimited**

Custom Canine Unlimited is a 17 year-old premiere canine training facility for law enforcement, military & private security companies in Gainesville, GA. They've had a relationship with the VA for over 8 years. Veterans can use their GI Bill benefits to become certified as a canine handler, canine trainer and/or a kennel master.

Please contact Mindy Apple at [mapple@customcanineunlimited.com](mailto:mapple@customcanineunlimited.com) or visit [customcanineunlimited.com](http://customcanineunlimited.com) for more info.

**FSG (Facility Solutions Group)**

FSG's Veteran Apprenticeship Training Program offers Veterans an opportunity to get paid while receiving no-cost training as an apprentice electrician. Accepted candidates won't just get a job. We want to see veterans take their military training to civilian life, where they can excel in a career. FSG's Veteran apprentices have access to in-house instructor-led courses in traditional classrooms or through ZOOM video distance learning. Our apprentice programs are four or five-year classroom and OJT training utilizing the NCCER curriculum.

To learn more about the program visit its [Veteran Apprenticeship Program](#).

**Code Platoon**

Code Platoon is a nonprofit 'coding bootcamp' that helps veterans, Active Duty and military spouses transition into the civilian workforce by providing technical training and career placement. During their 14 week program, students are immersed in learning the full web development stack, including Python / Django, JavaScript / REACT, databases, HTML, and CSS. No previous programming skills are required.

To learn more, visit: [codeplatoon.org](http://codeplatoon.org).
