## FEATURED EMPLOYER

### ABOUT TRAVELERS

The Travelers Companies, Inc. is a leading provider of property and casualty insurance for auto, home and business. A component of the Dow Jones Industrial Average, Travelers has approximately 30,000 employees and operations in the United States, Brazil, Canada, Ireland and the United Kingdom. Travelers was founded in 1853 and is one of the oldest insurance companies in the U.S. The company is continually recognized for its military-friendly culture, and is committed to hiring current and former military personnel and military spouses. Through their strong foundation in the areas of leadership, discipline and pride, Travelers believes those with military experience have the talent and drive to make the company even more successful.

#### JOBS AT TRAVELERS

**Director of Business Intelligence for Field Organization**  
Hartford, CT

Bond & Specialty Insurance (B&SI) Business Intelligence & Analytics (BI&A) is seeking a business analyst whose primary focus will be supporting B&SI's Field Organization's information needs. Seeking applicants with prior business intelligence background, or comparable experience using data to derive insights and actionable next steps, as well as a desire to be part of the data and analytics community. Field/underwriting background with a proven record of leveraging information and performing analysis to execute job functions is a plus.

**Technology Leadership Development Program**  
Hunt Valley, MD

Innovative thinking, creative problem-solving, and a determination to challenge the status-quo. These are some of the defining qualities for participants of our Technology Leadership Development Program (TLDP). This two to three-year rotational program is designed to grow and develop your technology and self-leadership skills. Each rotation will consist of a combination of hands-on experience, access to a robust technology curriculum, and a formal mentoring program to prepare you for a dynamic career.

**Sr. Administrative Assistant**  
Hartford, CT

This Sr. Administrative Assistant role is critical to providing complex administrative support to senior management. The role performs a wide variety of tasks related to organization, communication, facilitation and scheduling.

**Underwriter Trainee**  
Durham, NC

This is an opportunity to join a dedicated collaborative team of underwriters in a highly visible and challenging role. Our Underwriting Professional Development Program (UPDP) provides participants the opportunity to build a unique and successful career within a highly specialized niche of the insurance industry. Our comprehensive program consists of a blend of mentorship, classroom instruction, and on-the-job training leading to increasing responsibility and accountability.

**Cybersecurity Analyst**  
Hartford, CT

The Security Engineering team within Infrastructure and Cloud Services (ICS) organization at Travelers has an exciting opportunity for a Cybersecurity professional to join its Application Security team. The incumbent will work with lines of business technology application development teams to ensure their code is secure and free from vulnerabilities, provide "DevSecOps" type capabilities leveraging automation and self-service capabilities, develop API integrations for Security tools, such as Static Analysis (SAST), Dynamic Analysis (DAST), and Interactive Application Security Testing (IAST), and perform penetration testing against web applications and services, including Cloud based applications, and assist in management of Web Application Firewalls (WAF), including policy creation, tuning, and monitoring.

**Billing Customer Service Representative**  
Richmond, VA

Through telephone and email inquiries; responsible for providing customer service, billing and account reconciliation support for agents, insureds, authorized 3rd parties, and internal Travelers departments. Ensures prompt and accurate premium receipt and appropriate resolution of past due accounts.

#### FEATURED TRAINING PARTNERS

**correlation:one**
