CATEGORY MANAGER - IT PROCUREMENT
Houston, TX

Collaborate with departmental leaders in the development, implementation and on-going management of agreements, Perform bid preparation, data collection and analysis, strategy development, technology vendor negotiations, IT contract development and IT contract management

RETAIL STORE MANAGER
Boise, ID

The Store Manager (SM) is responsible for the overall performance of the store location and multiple-businesses (retail, rental, custom and tailoring). To be successful in this role the SM needs to think innovatively, act strategically and create a culture of customer-obsessed team members who deliver a world-class experience each and every day. He/she will establish a clear and compelling direction and coach store team members to run the store efficiently, be customer-ready, setup per visual merchandising direction and up to brand standards.

ASSOCIATE PLANNER
Fremont, CA

We are seeking an experienced and motivated Associate Planner to join our Merchandising team. Due to COVID, Tailored Brands is currently working remotely. Going forward, this role will work out of our Fremont, CA office.

The Associate Planner is responsible for the inventory strategy and financial forecasts for their segment of the business. The goal is to maximize company sales growth and profitability by working closely with the Planner and merchandising team on designing and implementing thoughtful inventory and merchandise strategies that promote profitable sales growth and satisfy customer demand. This is a learning and development role that works closely with the Planner to master the key planning responsibilities.

REGIONAL MANAGER
Seattle, WA

The Regional Manager (RM) is responsible for the overall performance of multiple-store locations and multiple-businesses (retail, rental, custom and tailoring). He/she will execute the company and zone direction by coaching Store Managers to run stores efficiently, be customer-ready, setup per visual merchandising direction and up to brand standards. In addition the RM will create a healthy culture through coaching, positive recognition and creating an environment where opinions matter.

RETAIL MANAGEMENT - OPERATIONS
Pineville, NC

As a Men's Wearhouse Operations Manager you will maintain the primary responsibility for the overall business operations of your store. You must not only understand and execute the policies and procedures for your store retail, rental and custom business operations, but also train, coach, and support the other store employees on all aspects of store operations. You will interact with customers in all aspects of the retail, rental and custom business, and you will provide exemplary service.

FEATURED TRAINING PARTNERS

KOENIG SOLUTIONS

Since 1993, Koenig has built an organization around student development and training. Koenig's massive [portfolio of trainings](#) is built for high levels of technical learning specializing in advanced networking technologies, next generation security and infrastructure programming and development. Their training courses are delivered in live online, in-person, or on-demand formats allowing for flexible access to high quality training.

Any veterans utilizing the Hire Heroes program will be eligible for large discounts from the listed prices on their website. To receive these discounts or to ask any training related questions, please contact Kyle Jackson by phone [775.302.5521](tel:775.302.5521) or by email kyle.jackson@koenig-solutions.com.

THE COUNCIL OF SUPPLY CHAIN MANAGEMENT PROFESSIONALS

The Council of Supply Chain Management Professionals is a non-profit membership association that provides networking, career development, and educational opportunities to the logistics and supply chain management community. CSCMP's SCPro™ certifications are designed to educate and advance professionals in the supply chain and logistics field. All certification exams offered by CSCMP are 100% reimbursable by the G.I. Bill. To learn more, [click here](#), call [630.645.3472](tel:630.645.3472) or email scpro@cscmp.org.

OLYMPIA UNIVERSITY OF BUSINESS AND TECHNOLOGY

Olympia University of Business and Technology offers a unique program that provides full training in several technological fields. Through this fully virtual experience, you will interact with subject matter experts who will instruct and mentor you. This program works well for service members who are interested in post-program employment with leading technology companies as well as for those who want help becoming entrepreneurs, either as a franchisee or as an owner of an independent company. More information about their programs can be found [here](#).

To begin the process: Go to OUBT.org and fill out the enrollment application. Once complete, a program consultant will reach out to schedule a 1:1 conversation with you. Grants are available - please ask about this during your enrollment consultation.
