FEATURED TRAINING PARTNERS

CYBER APPRENTICESHIP PROGRAM

PURDUE UNIVERSITY CYBER APPRENTICESHIP

The Purdue Cyber Apprenticeship Program (P-CAP) is a twenty-first-century apprenticeship program built to produce skilled cybersecurity professionals to close the talent gap within the industry. P-CAP provides a customizable workforce solution for businesses looking to hire new cyber professionals or upskill their current workforce. P-CAP is a multifaceted apprenticeship pipeline that unites industry, government, and education in a coordinated effort to develop a highly qualified cybersecurity workforce. Apply [here](#).

SKILLSTORM

SkillStorm provides technology training and certification for veterans and transitioning service members with little to no prior IT experience. The program gives service members the opportunity to launch a tech career in high-demand, high-wage technologies. Upon completion of the training program, graduates are deployed to SkillStorm's Fortune 100 clients. Email military@skillstorm.com or visit [here](#) to receive more information and indicate interest.

AppreNEXT

AppreNEXT has created a series of apprenticeship programs and occupations available in the multiple industry sectors for candidates to begin immediately and employers to create with one-on-one guidance and support. Apprenticeships range from logisticians and cyber experts to mechanics and managers, providing a variety of options for job seekers and employers alike. Over 20% of the nation's transportation apprenticeships are currently housed under their umbrella, and over half of their apprentices are military Veterans. Learn more [here](#).
