

FEATURED EMPLOYER

ABOUT PREFERRED APARTMENT COMMUNITIES

At Preferred Apartment Communities, our teammates are among our most valuable assets. Associate experience and success comes down to four simple principles: hire well, train well, recognize and reward. Hiring is the lifeblood of any organization. We take hiring our teammates very seriously. We seek to hire associates who are bright, who have great interpersonal skills, and who we believe will be additive to the culture we have been creating at Preferred Apartment Communities since our inception. Once hired, though, it is only the beginning.

JOBS AT PREFERRED APARTMENT COMMUNITIES

APARTMENT PROPERTY MANAGER

Jacksonville, FL

The Apartment Property Manager manages the apartment community as a complete business unit in order to achieve operational and financial results. They train, supervise and mentor a team of Leasing Consultants and Maintenance staff to uphold the company's policies for leasing, marketing, accounting, property appearance, and resident customer service.

APARTMENT MAINTENANCE TECHNICIAN

Alexandria, VA

Assist in all maintenance requests, preventative maintenance and amenity area maintenance for the apartment community. Complete maintenance work orders for residents (service appliances, plumbing, HVAC systems, minor electrical, gate systems, pool operations, etc.). Prepare vacant apartments to make rent ready. Perform preventative maintenance work. Maintain adequate stock/inventory of parts for equipment, appliances, etc. Assist in monitoring contractor work performance. Support the Service Manager in meeting budget responsibilities.

LEASING CONSULTANT

Nashville, TN

The Leasing Consultant conducts daily leasing activities; including attaining leasing goals (occupancy and rent growth), building and managing rapport to generate interest, desire, and satisfaction for the PAC community. The Leasing Consultant also provides the ultimate in service to our residents; completes lease paperwork, and all other duties that correspond to leasing activities. Ultimately, a Leasing Consultant sells prospects and residents on the quality of the PAC brand and the lifestyle of a PAC apartment home.

GROUNDSCKEEPER

Atlanta, GA

Maintain all common areas and grounds of the community in a clean, attractive condition. Keep property in "inspection-ready" condition at all times. Inspect the overall cleanliness of the community each morning, including all public and common areas. Prepare for monthly landscaping "grounds walks" paying special attention to grounds and picnic areas. Test the pool/spa chemical levels and record readings on the record log daily. Remove snow and ice in inclement weather and keep sidewalks and building access free of hazards, as applicable. Assist Service Manager in various maintenance functions to ensure the smooth operation of the property.

FEATURED TRAINING PARTNERS

Perfect Technician Academy

The Perfect Technician Academy is a school for Heating, Ventilation, and Air Conditioning (HVAC), created out of the need for a fast-track training program that could develop technicians ready to perform at high levels entering the industry. They provide accelerated training in HVAC, along with job placement. Visit their website <https://www.perfecttechnicianacademy.com/> to learn more.

Real Estate Closing Path

Real Estate Closing Path provides training and job placement services in the real estate closing industry. Pre-closers, closers, and post-closers assist attorneys in prepping and processing the documents in a real estate transaction. This is a niche field in high demand with professional income-earning potential without needing a college degree. Our 6-week beginner course trains individuals in all the fundamentals of closing, including how to read a contract, understanding the closing timeline, title and lender basics, industry vocabulary, etc. We also offer hands-on access to industry software, as well as extensive networking with guest speakers who are leaders within the industry. Learn more and apply at [Real Estate Closing Path | Training | Georgia](#).

Skillcat

SkillCat proudly provides free skilled trade training and jobs to talented military veterans and their spouses. We are the #1 training and jobs platform for the skilled trades. We have 50+ certifications, including EPA 608 certification, for all interested in an HVAC or maintenance career. You'll be able to earn badges and build a portfolio for your new or current career.

Join 60,000 technicians and 150 contractors leveling up in their careers - HVAC, Electrical, plumbing, and more! You can sign up online at [skillcat.app](#) or download "SkillCat" on the App Store or Play Store! Click [here](#) to sign up now! For questions, please contact emi@skillcatapp.com.
