

## FEATURED EMPLOYER

### ABOUT SITEPRO RENTALS

SitePro may be a scrappy start-up from Texas, but we're also part of a larger company with a long, rich history and strong values. We are a wholly-owned subsidiary of Sammons Industrial, and part of the Sammons Enterprises family of ESOP-owned companies. The SitePro culture revolves around the customer and was launched by industry veterans with a passion for customer relationships. In fact, every meeting at SitePro starts with a discussion about customers, and every decision is made with you in mind.

### JOBS AT SITEPRO RENTALS

#### DRIVER CLASS A

Norcross, GA

The Driver is responsible for delivering a variety of heavy machinery and equipment serving the construction and industrial industries within a local geographical area. Ability to safely load and unload equipment; deliver to customer locations and job sites in a timely manner. Complies with all Federal and State laws.

#### OUTSIDE SALES REPRESENTATIVE

Norcross, GA

The Outside Sales Representative is responsible for growing top lines sales, market share, and bottom-line profit for a heavy machinery and equipment rental company. Differentiates products and service from the competition. Develops ongoing, profitable relationships with existing and potential customers and promotes company brand. Provides best in class customer experience and solutions to ensure maximum customer satisfaction and retention.

#### ACCOUNT MANAGER

Lewisville, TX

The Accounting Manager is responsible for the general accounting and financial reporting process for SitePro Rentals. This includes supervision, performing the monthly accounting close, providing requisite financial reporting to parent company, determining impacts of technical accounting issues and leading any ensuing implementation efforts, managing the audit function/coordinating all audit relate items with the external auditors and creating the company's audited financial statements.

#### YARD COORDINATOR

Memphis, TN

The Yard Coordinator is responsible for organizing, staging, and display of all machines, equipment, attachments and tools offered for rent or sale at the branch; organizing, maintaining, and cleaning designated areas of the facility, and to provide loading/unloading support to customers in a safe, timely, efficient, and courteous manner. Other duties may include performing basic preventive fleet maintenance functions and other shop support; making data entries and assisting in tracking inventory as needed.

#### SERVICE TECHNICIAN II

Corpus Christi, TX

The Service Technician II performs service and repairs on a variety of rental equipment with minimal supervision to ensure that equipment continues to run according to manufacturer's specifications and is in optimal ready to use condition for rental customers.

#### FIELD SERVICE TECHNICIAN

Memphis, TN

The Road Technician performs service and repairs on a variety of rental equipment at customer sites to ensure that equipment continues to run according to manufacturer's specifications. Ensures all standards are adhered to and executed consistent with company direction.

### FEATURED TRAINING PARTNERS

#### Symbol Job Training

Symbol Training Institute is a nationally recognized leader in advanced manufacturing training that has been preparing professionals for careers in the manufacturing industry for over 15 years. Symbol evolved out of Symbol Tool, Inc., a tool and die shop founded in 1985. It exists because their management team identified a need for specialized training. Utilizing over 50 years of experience in the manufacturing industry, Symbol created a unique curriculum that is concise and targeted specifically to allow an individual to complete training and gain immediate employment/upskill incumbent workers. Symbol has since expanded to provide a variety of courses with the same guiding principle of preparing specialists for our manufacturing community. Follow this link (<https://www.symboltraining.edu/tours/>) to learn more.

#### Tulsa Welding School

Tulsa Welding School (TWS) has partnered with Hire Heroes to help veteran clients find opportunities for training programs in the skilled trades. Clients who no longer receive military funding could also be provided with a \$2,500 scholarship if they enroll at TWS.

TWS is a trade school with three campuses in Tulsa, Oklahoma, Jacksonville, Florida, and Houston, Texas, that offers training programs in welding, HVAC, refrigeration and electrical. Students receive hands-on training that equips them with the skills necessary to find job opportunities in their field after graduation. Check with a TWS campus regarding scholarship eligibility. Click [here](#) to visit their website for more information.

#### CLC, Inc. (Community Learning Center)

CLC, Inc. was founded in 2000, and was organized to promote employment by assisting unemployed and underemployed workers in need of high quality, family supporting jobs. Training classes offered by CLC are Aerospace Manufacturing, Welding, CNC Machining, Forklift/Logistics, IT and Bookkeeping/QuickBooks. CLC, Inc. provides job seekers with education, training, and employment services that lead to high skill-better paying jobs along with placement services with employers. To obtain more information on their training courses please visit their website at [www.clcinc.org](http://www.clcinc.org) and fill out the contact form.
