Find out why we're the #1 financial services company to grow YOUR career. Apply today.

HIRE HEROES USA DIRECT PLACEMENT ROLES

BILINGUAL HR GENERALIST

Oklahoma City, OK

This is an On Site role, you would be responsible for completing HR work in support of the daily operations of the business. This is an excellent opportunity for a professional who is collaborative and appreciative of the importance of company culture in support of our manufacturing operations. The ideal candidate will support the Human Resources responsibilities and partner with the organization on strategic initiatives, maintain and enhance the organization's human resources by planning, implementing, and evaluating human resources policies, programs, and practices.

GENERAL MANAGER

Jackson, TN

We are seeking a hands-on leader to run daily operations for our fast casual restaurant in Jackson, TN. The ideal candidate is someone who takes ownership, builds strong teams, and thrives on executing systems with discipline while creating strong local connections.

CYBER SECURITY ENGINEER

Quantico, VA

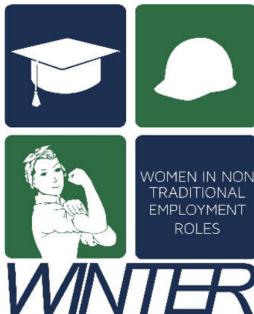

As an ITCSU Cyber Security Engineer (CND), the individual will be responsible for protecting and defending information technology network systems associated with the agency. The CND engineer will respond to and report all IT incidents ranging from security violations (i.e., information spillage and unauthorized usage) to suspicious activity reports and insider threats through the use of current cyber security tools and by following current guidelines and directives published by the DoD and the Navy. A key aspect of this role involves ensuring robust security posture through active participation in Comply-to-Connect initiatives. In this critical role as an Information System Security Engineer (ISSE), the engineer will directly contribute to safeguarding sensitive data and maintaining operational integrity.

GENERAL MANAGER

Cooper City, FL

We are seeking a hands-on leader to run daily operations for our fast casual restaurant in Cooper City, FL. The ideal candidate is someone who takes ownership, builds strong teams, and thrives on executing systems with discipline while creating strong local connections.

FEATURED TRAINING PARTNERS

Women in Non-Traditional Employment Roles (WINTER)

Founded in 1996, Women In Non-Traditional Employment Roles (WINTER) is a not-for-profit organization based in the Greater Los Angeles/Orange Counties. WINTER's mission is to promote gender equity in the construction industry by providing apprenticeship readiness training to low-income women. WINTER is certified by the CA Department of Industrial Relations and National North America's Building Trades Unions and offer a comprehensive curriculum for women interested in construction trades. WINTER focuses on three goals: increasing the percentage of women in union construction, promoting non-traditional jobs for low-income women, and preparing them with essential skills through training, case management, mentorship, job placement, and retention services for up to five years. For more information, please visit <https://www.winterwomen.org/>.

JD Service Now

The time is RIGHT Now to learn a trade and JD Service Now offers on-the-job training to grow you into the plumbing or heating and air technician you want to be. We appreciate all you have done for our country, so along with our accredited state program, you can receive your GI Bill benefits while completing the apprenticeship. So don't wait, reach out to see what we have to offer. If you are curious about the plumbing or HVAC trades, learn more [here](#).

Facility Solutions Group (FSG)

FSG's Veteran Apprentice Training Program offers Veterans an opportunity to get paid while receiving no-cost training as an apprentice electrician. Accepted candidates won't just get a job. We want to see veterans take their military training to civilian life, where they can excel in a career. FSG's Veteran apprentices have access to in-house instructor-led courses in traditional classrooms or through ZOOM video distance learning. Our apprentice programs are four or five-year classroom and OJT training utilizing the NCCER curriculum.

To learn more about the program, visit us at [Veteran Apprentice Program](#)
