

FEATURED EMPLOYER

ABOUT PILOT COMPANY

At Pilot, we're more than a workplace—we're a community of Journey Makers who believe every mile matters and every person does too. Whether you're just starting out or ready for your next move, your career journey begins here. Keeping people fueled up is hard work, but it is also rewarding and extremely worthwhile. We proudly call the people who thrive out here with us "Journey Makers." We believe that the everyday journey and what we make of it matters most and that our success is a shared journey. Together, we work to get better every day.

JOBS WITH PILOT COMPANY

CLASS A CDL - FUEL TRANSPORT DRIVER

Monahans, TX

We are urgently seeking a Fuel Transport Driver with an excellent driving record. Experience in the petroleum industry is preferred but not required.

VEEDER ROOT TECHNICIAN

Knoxville, TN

The purpose of this job is to provide first-level technical support for the Veeder Root system across all company locations. This role will also be responsible for navigating FSM and assisting with PO Edits.

DELI MANAGER

Sayre, OK

Pilot Flying J is seeking an experienced Deli General Manager to oversee our high-volume retail facilities. You will be responsible for the generation and execution of travel center and restaurant business plans to achieve established standards, sales and profit objectives as well as customer satisfaction.

LEAD FOOD SERVICES TEAM MEMBER

Laramie, WY

The purpose of this job is to provide operational support to the restaurant management team. Position will supervise restaurant activities during non-peak service hours and other hours as needed.

FEATURED TRAINING PARTNERS

Apprenti

Apprenti provides a proven pathway for underrepresented groups, including veterans, to gain training, certification and placement within the talent-hungry tech industry. Through registered apprenticeship, apprentices gain the technical training, certifications and on-the-job training necessary to transition into tech occupations, such as Data Center Technician, Software Developer, Network Security Administrator and more.
